

Report Details

Report ID	FR-2026-008
Location	Pacific Heights - 2101 Fillmore St
Machine	CBM-011 Nespresso Pro 600
Serial No	NES-PRO-20201220-011
Date	2026-07-09
Reported by	Auto-generated (telemetry alert)

Fault Description

Flow-rate telemetry shows a gradual 12% decline over 30 days, consistent with scale buildup in the water path. No active fault code. Water hardness readings for this location are the highest in the fleet.

Requested Action / Technician Notes

- Schedule a descale and replace the water filter cartridge.
- Low priority; bundle with the next routine visit.
- Recommend installing an inline softener at this location.
