

Report Details

Report ID	FR-2026-003
Location	Castro - 500 Castro St
Machine	CBM-002 Nespresso Pro 600
Serial No	NES-PRO-20200722-002
Date	2026-07-12
Reported by	Auto-generated (telemetry alert)

Fault Description

Scheduled descale notification I-03 raised. No active fault code; the machine is operating within normal parameters. Preventive maintenance flag only. Water hardness at this location is elevated, so descale intervals should be shortened.

Requested Action / Technician Notes

- Perform a standard descale service at the next available slot.
- Low priority - no production impact currently.
- Consider a 60-day descale cadence for this location going forward.
